

InstaShow® VS10

Wireless Video Conferencing System

InstaShow® VS10 wireless videoconferencing system is an ideal choice for hybrid huddle room meetings. As a BYOD and BYOM device, it improves interactive collaborations by facilitating wireless presentation.

The BenQ VS10 system offers seamless **plug-and-play** screen sharing during meetings. By installing advanced BenQ software, you can integrate it with your room audiovisual system to facilitate hybrid video conferences.

The **switchable USB cable** allows for easy switching between USB Type-C or Type-A cables for the button.

Touchback features allows you to control the sharing content right from the display, improving collaborations.
